OCEAN SKY INTERNATIONAL LIMITED

(Registration No. 198803225E)

(Incorporated in the Republic of Singapore)

SUMMARY SHEET FOR SHARE PURCHASE MANDATE

The Sponsor and the SGX-ST assume no responsibility for the correctness of any of the statements made, reports contained or opinions expressed in this Appendix. If you are in doubt as to the action that you should take, you should consult your stockbroker or other professional adviser immediately.

(A) Shares Purchased In The Previous Twelve Months

The Company has not made any share purchases pursuant to the share purchase mandate renewed at the annual general meeting on 30 April 2024 in the last 12 months immediately preceding 18 March 2025 (the “**Latest Practicable Date**”).

(B) Proposed Renewal Of The Share Purchase Mandate

The Ordinary Resolution No. 7 if passed at the annual general meeting to be held on 29 April 2025 (“**2025 AGM**”), will renew the share purchase mandate (the “**Share Purchase Mandate**”) approved by the shareholders of the Company from the date of the 2025 AGM and expiring on the earliest of the date the next annual general meeting of the Company is held or is required by law to be held, the date on which the share purchases are carried out to the full extent of the Share Purchase Mandate or the date the said mandate is revoked or varied by the Company in a general meeting (the “**Relevant Period**”).

(C) Rationale For The Share Purchase Mandate

The Share Purchase Mandate will provide the Company with the flexibility to undertake share purchases of up to ten per cent. (10%) of the total number of issued and paid-up share capital of the Company (“**Shares**”) (excluding treasury shares and subsidiary holdings) during the period when the Share Purchase Mandate is in force.

In addition to the growth and expansion of the Group’s business, a share purchase at the appropriate price level may also increase shareholders’ value in the Company as it is one of the ways in which the return on equity of the Group may be enhanced.

Share purchases may also provide the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient, effective and cost-efficient manner. It will also provide the Directors with greater flexibility over the Company’s share capital structure with a view to enhancing the earnings per share and/or net tangible assets value per share.

The existing Shares purchased by the Company under the Share Purchase Mandate, if held as treasury shares, may be utilised for the issuance of shares pursuant to an employees’ share scheme or as (part) consideration for the acquisition of shares in or assets of another company.

APPENDIX 1

Short term speculation may at times cause the market price of the Shares to be depressed below the true value of the Group. In a depressed share price situation, the Directors further believe that share purchases by the Company will help mitigate short-term market volatility, offset the effects of short-term speculation which in turn protect shareholders' investments and bolster shareholder confidence.

The Directors will only effect a share purchase as and when the circumstances permit, after taking into account, amongst other things, the Company's financial condition, the prevailing market conditions and whether such share purchases represent the most cost-effective and efficient approach in enhancing share value. The Directors do not propose to carry out share purchases to an extent that would, or in circumstances that might, result in a material adverse effect on the liquidity and/or the orderly trading of the Shares and/or the financial position of the Group.

The Directors will ensure that the share purchases will not have any effect on the listing of the Company's securities including the Shares listed on the Singapore Exchange Securities Trading Limited (the "**SGX-ST**"). Rule 723 of the Listing Manual Section B: Rules of Catalist (the "**Catalist Rules**") of the SGX-ST requires at least ten per cent. (10%) of any class of a company's listed securities to be held by the public at all times. The Directors shall safeguard the interests of public shareholders before undertaking any share purchases. Before exercising the Share Purchase Mandate, the Directors shall at all times take due cognisance of (a) the then shareholding spread of the Company in respect of the number of Shares held by substantial shareholders and by non-substantial shareholders and (b) the volume of trading on the SGX-ST in respect of the Shares immediately before the exercise of any share purchase.

As at the Latest Practicable Date, 120,602,428 Shares (28.0%) of a total of 430,610,283 Shares issued by the Company are held by 1,021 public shareholders. For illustrative purposes only, assuming that the Company purchases the maximum number of ten per cent. (10%) of the issued Shares, being 43,061,028 Shares as at the Latest Practicable Date, and assuming that such Shares are held in public hands, the resultant number of Shares held by the public after the purchase of such Shares would be reduced to 77,541,400 Shares, representing approximately 20.0% of the remaining issued Shares of the Company. As such, the Company is of the view that there is sufficient number of Shares in issue held by public shareholders which would permit the Company to undertake share purchases of up to ten per cent. (10%) of its total number of 430,610,283 issued Shares (excluding treasury shares and subsidiary holdings) without affecting the listing status of the Shares on the SGX-ST. The Company will ensure that the share purchases will not cause market illiquidity or affect orderly trade.

(D) Financial Impact Of The Proposed Shares Purchases

1. The purchased Shares shall be cancelled immediately on purchase or acquisition unless held in treasury in accordance with Section 76H of the Companies Act 1967 of Singapore (the "**Act**"). Section 76H of the Act allows purchased Shares to be:
 - (i) held by the Company; or
 - (ii) dealt with, at any time, in accordance with Section 76K of the Act, as treasury shares.

APPENDIX 1

Section 76K of the Act allows the Company to:

- (i) sell the treasury shares (or any of them) for cash;
- (ii) transfer the treasury shares (or any of them) for the purposes of, or pursuant to an employees' share scheme;
- (iii) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (iv) cancel the treasury shares (or any of them); or
- (v) sell, transfer or otherwise use the treasury shares (or any of them) for such other purposes as may be prescribed by the Minister for Finance.

The aggregate number of Shares held as treasury shares shall not at any time exceed ten per cent. (10%) of the total number of Shares (excluding treasury shares and subsidiary holdings) at that time. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Act within six (6) months.

Any share purchase will:

- (i) reduce the amount of the Company's share capital where the Shares were purchased or acquired out of the capital of the Company;
- (ii) reduce the amount of the Company's profits where the Shares were purchased or acquired out of the profits of the Company; or
- (iii) reduce the amount of the Company's share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and the profits of the Company,

by the total amount of the purchase price paid by the Company for the Shares.

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the treasury shares will be treated as having no voting rights.

2. The financial effects on the Company and the Group arising from the purchases of the Shares pursuant to the Share Purchase Mandate will depend on, *inter alia*, the aggregate number of Shares purchased and the consideration paid at the relevant time.
3. For illustrative purposes only, based on the existing issued and paid-up share capital of the Company of S\$55,168,760 comprising 430,610,283 Shares in issue as at the Latest Practicable Date, the purchase by the Company of up to a maximum of ten per cent. (10%) of its total number of issued Shares (excluding treasury shares and subsidiary holdings) under the Share Purchase Mandate will result in the purchase of 43,061,028 Shares.
